*Programme is subject to change

ZingO Drum Festival Group

ZingO fuses big Chinese drums, *wushu*, Chinese calligraphy, *jie ling* (solar terms), theatre and choreography. ZingO's stylistic blending of the traditional and the modern has enabled it to develop a unique identity that is in a league of its own.

Singapore Dhol Federation

As avid disciples of the Dhol drums, Singapore Dhol Federation play their own brand of Bhangra rhythms fused with world music, funk, afro-beat and local ethnic rhythms. Complementing this unique blend of music genres is their energetic showmanship.

Lîla Drums

In ancient language, "lîla" means inner child play. Lîla Drums believes that drumming is for everyone and hopes to realize the "lîla" in people through djembe playing. They will be showcasing a typical West African drumming repertoire and demonstrate the distinct sound and role of each drum within the ensemble.

Mamady Keita Asia Pacific Performers

A first in Singapore, African djembe grandmaster Mamady Keita gathers his students from Asia and Australia to perform his 30 minutes music arrangement - a medley of traditional African drumming songs with beautiful chanting, intriguing rhythmic breaks and featuring djembe solos.
