## BRANDMARK

A symbol of upward progression, the arrow in the NAC logo reflects our mission to champion the creation of the arts vital in elevating our nation. The stripes align with our vision to be home to diverse and distinctive arts which inspire our people. The lines represent bridges that connect our communities through a shared vision.

## LOCK-UP (MASTER)

Let's make our mark wherever we can. Use our master lock-up of brandmark and logotype in its fixed proportions to leave just the right impression.

## LOCK-UP (SECONDARY)

Like all good artists, we've got range. As our primary logo, the master lock-up is our preferred choice. But in long, horizontal spaces like lanyards and ribbons, it's our secondary lock-up that speaks loud and clear.

## LOGO VARIANTS

Oh. Did we say we're multilingual? Malay. Mandarin. Tamil. English.  
We speak all of Singapore's official languages. Likewise, we've got  
language-specific logos for your every audience.

## COLOURS

A whole lot of OOMPH! That's red. It's energy. And it's our choice to express how we run after our dreams. We're bright. We're passionate. We're all in.

## COLOURS

Always look your best. With Pantone colours, you'll always enjoy accurate colour reproduction on printed matter. It's our leading choice. But if you need to use CMYK colours, we understand. Just be sure to check against specified Pantone codes for colour accuracy. For a stunning print, supervision is essential.

## FULL COLOUR

Make your presence felt. With our signature style. For a consistent corporate image, use logotypes in full colour where possible, always on white or almost white backgrounds. Black or dark backgrounds work, but they're rarely our favourite setting.

## SINGLE COLOUR

Hey, we're no divas. Who could possibly use full colour logos all day? It's cool, we know how to rock the single-colour look too.

## CLEARSPACE

Everybody needs a little space. Even logos. We've defined a minimum clear space. Plus, we optimise logo visibility while keeping clear of the edges. Now breathe easy.

## MINIMUM SIZE

“Honey, I shrunk the logo.”—It happens. Sometimes you may need to scale the logomark down. We’ve set a minimum size for print and online use to keep our logo legible. It’s all good.

## INAPPROPRIATE USAGE

Our logo is our identity. Let's keep it impeccable. Weird orientations, proportions, or colours are just not our thing.
