Confirmatory COVID-19 PCR tests for ART-positive and ART-invalid results are available at Swab-and-Send-Home (SASH) Public Health Preparedness Clinics (PHPCs), fully subsidised by the Government. A list of SASH PHPCs can be found at <http://phpc.gov.sg>. **Individuals must call the clinic to make an appointment and confirm that they are able to obtain a confirmatory COVID-19 PCR test during their visit. Confirmatory COVID-19 PCR tests can also be obtained from non-SASH PCR test providers at the individual's own expense. **Individuals must self-isolate at home until notification of a negative COVID-19 test result.***

¹ An 'ART-invalid' test result means that the sample(s) has been tested twice and in both instances, there was no conclusive finding as to whether the individual is tested positive or negative. An individual who tests ART-invalid is subject to the same requirements as the individual who tests ART-positive.
